MEDITERRANEAN SOUL

MEDITERRANEAN SOUL

# A signature *architecture* born of Mediterranean inspiration

White and blue – two colours unfolding across vaulted arcs, soft hilltop roofs and meandering pathways. Stelia evokes the spirit of Santorini in the Greek isles, set against the bay of Tuy Hoa. Every corner is a postcard: limewashed walls catching the golden light, blue doors opening to the sea, and gentle curves wrapping a world apart.

---

*"White as the sand, blue as the sea." – Stelia is a living canvas, where architecture and nature speak as one.*

ROOMS & VILLAS

ROOMS &amp; VILLAS

## 52 rooms & villas — *as warm as coming home*

Unlike resorts run at industrial scale, Stelia chose just enough — 52 rooms and villas — so every guest is cared for as an honoured friend. Natural-wood interiors, soft linen, golden warm light: a space that feels intimate, private and welcoming, much like a seaside home of one's own.

---

*"Boutique by design — small enough to remember every guest, big enough to forget the world outside."*

SIGNATURE RESTAURANT

SIGNATURE RESTAURANT

## GOZO Brew House — *Vietnam's largest bamboo restaurant*

A monumental work of bamboo architecture — Gozo Brew House holds the record for the largest bamboo dining hall in Vietnam. Soaring bamboo arches like sails, light filtering through every joint, an open volume catching the sea breeze: this is more than a restaurant. It is a cultural destination, where local cuisine is retold in a contemporary voice.

*Craft beer, fresh seafood, fire, wind and bamboo — an experience only Stelia can offer.*

AURA POOL

AURA POOL

## AURA Pool — *an infinity view through the casuarina forest*

Water opening straight to the horizon, a screen of dark-green casuarina trees behind — AURA Pool is one of Stelia's most memorable frames. Sunrise, sunset, or a sky full of stars: every hour of the day paints the same clear waters in a different shade.

---

*A pool not only to swim in — but to stand still in, and watch the world drift by.*

ICONIC VIEW

ICONIC VIEW

## Facing *Thap Nghinh Phong* the emblem of Tuy Hoa

Stelia occupies a prime address in the heart of Tuy Hoa city – directly across from Thap Nghinh Phong (the Wind-Welcoming Tower), the celebrated landmark and most-photographed icon of former Phu Yen province (merged into Dak Lak province in 2025). From the AURA Pool, from a villa balcony, from an open-air dining table – the icon is always in view.

---

*At Stelia you don't just stay near an icon – you live beside it, every day.*

AURA SPA

## AURA Spa — *a sanctuary of serenity*

AURA — a soft halo of calm, the gift Stelia offers every guest: a spa hidden from the noise of the world, where Eastern healing traditions meet a Mediterranean philosophy of care. The faint scent of essential oils, the distant sound of waves, the steady hands of an artisan therapist — and you, returned to yourself.

---

*"AURA" — serenity is not a place, it is a feeling. Stelia gives it a name.*
